

myPower^{MP1100}™

Rechargeable Battery and Dock

myPower™ combines the power of a rechargeable battery with the convenience of a portable dock. Now you can use just one device to power and sync your iPod® on the go. myPower significantly extends the play time on your iPod, so you can enjoy non-stop music—even when your iPod battery has nothing left to give.

Just plug and go to download music via myPower's high-speed FireWire and USB 2.0 ports. You can even download music while you power your iPod.

Designed specifically for iPod, the lightweight myPower complements the sleek look of iPod. The attached belt clip provides you with handsfree convenience, letting you carry your iPod while providing easy access to the iPod controls.

myPower and myPower FM are compatible with the iPod mini, all 4G iPods (20G and 40G with Click Wheel), all 3G iPods (15G, 20G, 30G, and 40G), and iPod for HP.

**Power & Sync
On the Go!**

Features

- Powers iPod for up to 32 hours of extended play time
- Enables easy syncing via FireWire or USB 2.0
- Stereo line out connects iPod to external speakers or stereo
